

SPONSORSHIP AND MARKETING OPPORTUNITIES

“I have spoken at three conferences this year about our experience of winning and closing Croydon and Tunbridge Wells LABVs and I found Socinvest the best by a long way in terms of the quality of both speakers and attendees from different but complementary backgrounds. The debates around key topical issues were well informed and relevant in today’s market.”

JAMIE KERR,
director of regeneration and education, John Laing.

“More than ever, regeneration financing needs to be at the top of the agenda for government, the industry and the public sector. SocInvest has become an essential annual component in the debate on how to improve the way we fund and deliver regeneration. The 2010 event is planned at a moment of potentially seismic change for the sector.”

CHRIS MURRAY,
director, Core Cities.

THE UK'S PREMIER REGENERATION FUNDING EVENT

After two successful events attracting 400 delegates in 2008 and 2009, 3Fox International Ltd is staging the third SocInvest summit on Wednesday 16th June 2010 at the Grand Connaught Rooms, London WC2B 5DA.

WHAT'S NEW FOR SOCINVEST 2010

- The inaugural SocInvest Award and The Prize consultancy community;
- A programme of research into regeneration finance – and into what delegates want from the event;
- New interactive sessions to maximize the value that delegates gain from the event;
- A specially invited steering committee for the event, including London Borough of Barnet and London Borough of Croydon, John Laing, the Welsh Development Agency, Core Cities, Barclays Commercial Bank, CB Richard Ellis and Eversheds.

“SocInvest always has its finger on the pulse when it comes to issues of importance in the structuring and delivery of major regeneration and development schemes”

SARAH WHITNEY

Executive director regeneration and development, CB Richard Ellis

CONFERENCE AND WORKSHOPS

The SocInvest 2010 programme emphasises realistic funding sources and practical solutions for organisations experiencing testing economic conditions.

EVENT STRUCTURE: AN EMPHASIS ON INTERACTION

Opening and closing plenaries highlight the most important trends in funding. In between, four panels of experts run four workshops exploring different aspects of regeneration funding. A typical workshop panel includes a local government funding or finance specialist, legal advisor, developer and funding consultant.

EVENT THEMES

- New funding mechanisms, including TIF;
- Affordable housing finance, including the impact of the HCA and the role of local housing companies;
- Matching appropriate sources of finance to project needs;
- Accelerated Development Zones and Regional Infrastructure Funds;
- Developing a compelling case for investors;
- The implications of recent legislation;
- Success factors for PPPs, including LABVs;
- New sources of public and private funds.

STEERING COMMITTEE

A steering committee of experts ensures that SocInvest continues to grow in importance and prestige.

Confirmed members include:

David Cooper, director of infrastructure and project finance, Barclays Commercial Bank

Jamie Kerr, director of regeneration and education, John Laing

Christopher Munday, head of funding solutions, Department for The Economy and Transport, Welsh Assembly

Chris Murray, director, Core Cities

Emma Peters, executive director of planning, regeneration and conservation, London Borough of Croydon

Colin Ross, head of regeneration, London Borough of Barnet

Stephen Sorrell, partner and head of development and regeneration, Eversheds

Sarah Whitney, executive director regeneration and development, CB Richard Ellis

THE SOCINVEST AWARD AND THE PRIZE

The inaugural SocInvest Award for innovation in funding and the Consultancy Prize will be made at SocInvest 2010. More details of the scheme will be announced in the SocInvest Newsletter and at www.SocInvest.co.uk.

“The venue was ideal. The location within easy reach of stations, and facilities and food were fine. The space to wander around and speak to people was good.

This was a great opportunity to hear from an excellent mix of practitioners and experts with current knowledge of current regeneration funding initiatives, the funding, governance and delivery vehicles.”

BARRY LUCAS

Corporate Finance Director, Knowsley Metrop. Borough Council

“A very useful tool for us as a Local Authority to seek out potential opportunities and to acknowledge lessons from previous Local Asset Based Vehicles, in order to progress our very own LABV. The conference speakers were very knowledgeable and have helped our Local Authority to understand the advantages and possible barriers to public and private partnerships.”

RICHARD HARRISON

Housing Market Renewal Officer, Middlesbrough Council

SOCINVEST NEWSLETTER

A newsletter comprising original editorial about regeneration finance and news about SocInvest, emailed at least once each month to over 9,000 potential SocInvest delegates. Subscribe to the newsletter and view archives at www.SocInvest.co.uk/subscribe.html and www.SocInvest.co.uk/news.html.

SOCINVEST RESEARCH PROGRAMME

An online project to analyse current funding practices and highlight opportunities for introducing new forms of finance. Latest phases will be announced in the SocInvest Newsletter and at www.SocInvest.co.uk

“SocInvest enables key players from the public and private sector to discuss the challenges they both face to work towards creating an environment in which delivery can take place.”

STEPHEN SORRELL

Partner and head of regeneration and development, Eversheds
