

**Birse Civils is focussed on delivering a service to meet the needs of customers throughout the UK in the civil engineering market.**

This extends to a commitment to work with the community on all the projects we deliver.

Through a national network of offices we match our areas of expertise to the requirements of our customers to develop long term relationships based on delivery of high quality service.

## Meeting the **challenges** in **engineering**

## **Safely** and **Sustainably**
