

CREATING HOMES AND COMMUNITIES,

ACHIEVING LOCAL AMBITIONS.

The Homes and Communities Agency (HCA) is the national housing and regeneration agency for England. Our scale and resources mean we can increase housing supply, and enhance people's quality of life by creating and regenerating communities that people want and can afford to live in.

Our remit is to match national targets with local ambitions and have a strong regional presence, operating as a national organisation that delivers locally.

Our priorities in the West Midlands are to:

- Increase the supply of new and affordable homes.
- Invest in rural communities and the supply of affordable housing.
- Ensure high standards for existing housing stock in the region.
- Deliver our placemaking agenda – maximising public sector investment in the area.
- Contribute to the economic well-being of our region.
