

IN CROYDON, ONLY ONE NEW OFFICE DEVELOPMENT COMES WITH A MAJOR TRAIN STATION ATTACHED.

RUSKINSQUARE

Ruskin Square is the centrepiece of East Croydon's transformation into a new Central Business District. Its nine-acre master-plan includes restaurants, cafés, a theatre, new homes, public outdoor spaces and one million square feet of grade 'A' office space. It will be delivered by an experienced development partnership.

Just 15 minutes from central London by train, East Croydon offers competitive property prices and easy access to town-centre retail and cultural amenities. Plans to revamp the train station will add a direct pedestrian link with Ruskin Square.

Ruskin Square is ready to go. Talk to us about where your business is going.
