

1171-MAY12

At East Thames we're firmly focused on housing and regeneration in east London and Essex.

This was the case when we started as a small housing association in 1979, and that commitment hasn't changed. We firmly believe that **good quality housing** is a key ingredient in building balanced and sustainable communities.

Our development and regeneration programme is focused on building high quality affordable homes, from small developments of a handful of homes, to large developments of hundreds of homes.

1,379 new homes from summer 2013
East Village, Stratford
(part of Triathlon Homes partnership with First Base and Southern Homes)

£220m regeneration of Ocean Estate
Stepney Green, Tower Hamlets

82 new homes just completed
Watermark, Waltham Forest

400 new homes starting 2013
New Union Wharf, Isle of dogs
