

Orchard Homes.

Delivering regeneration in Southampton.

As a leading regional developer, our company origins are very much here in Southampton, the place we, at Orchard, will always regard as home.

With many high quality, design-lead developments constructed in and around Southampton, we are justly proud of the ongoing contribution we are making to the City's housing stock and the regeneration of brownfield sites.

Working closely with Southampton City Council together with their Housing Association partners, our established Social Housing program will see the ongoing delivery of high quality and sustainable affordable Social Housing Units, throughout the months and years ahead.

With a diverse array of future private, social and mixed use developments in the pipeline, Orchard Homes & Developments are proud to be working together with Southampton's leaders and stake holders towards a more vibrant and exciting City for tomorrow.
