

Supporting skills development for Oil & Gas, Process Manufacturing & Power Generation industries...

- Led by INDUSTRY to benefit the UK's front line skills needs.
- Adding REALISM to your TRAINING NEEDS at CATCH
- With Engineering and Process training options.
- We work with local and national education & training providers.
- We are acknowledged by ECITB and NSAPI as a 'best in class' resource.
- We offer tailored solutions for competency assessment and workforce development.

CATCH - the banded Tank Farm area

LOOK OUT for our Calendar of Courses & NEW Programme announcements on our website.

CATCH - the Board Room

What our customers say: -

- "Excellent conference facilities in an industrial setting"
- "A trainer's dream location"
- "Helpful, dedicated events team"
- "CATCH go that extra mile for you"

5 room choices catering from 4 to 100 people in many different room layouts to make your event exactly right for you. AV equipment can be provided to enhance the experience.

catch 3 is happening in 2011!

Launched in 2006 with rapid growth in 2007 CATCH has established a realistic plant-based industrial training opportunity for the Humber Region and beyond. In 2011 we are pressing forward our vision to bring more skills capability to CATCH including support for the 'Renewables sector'. Your company can benefit from this development by training towards the best standards available in the UK today.

We are pleased to be associated with the Engineering Construction Industry Training Board and their Apprenticeship scheme.
