

# EVERSHEDS

## **Eversheds for local government**

*Your natural choice for achieving success*

### **About us**

Eversheds is pleased to have worked with North East Lincolnshire Council on its ground breaking project to deliver services more effectively and efficiently.

We are forward thinking and at the forefront of innovation. Our Local Government Club won the Excellence in Innovation Award at the Law Society Excellence Awards 2010 and contributed to Eversheds being awarded the FT Most Innovative Law Firm in Europe 2010.

With over 200 local authority clients at any one time, Eversheds is the leading local government legal provider in the UK. We act for all the local government family including police, fire, national parks, local authority companies and related bodies.

Working in partnership with local authorities, our specialists add value in a practical way to help you achieve your goals. Quality, transparency and cost predictability are our core values. The knowledge gained from our work for the commercial sector strengthens our local government service.

### **Our experts advise on a wide range of issues including:**

- procurement, renegotiating contracts and outsourcing
- regeneration, JVs, PPPs and major projects
- renewable energy
- corporate manslaughter
- governance, ethics and standards, risk management
- human resources including pensions, reorganisation and restructuring
- information law
- inquiries and investigations
- litigation/dispute management including Judicial Review
- planning, property, asset vehicles and best consideration
- shared services and collaborative working
- strategic advice and consultancy

and much, much more.....

If you would like to discuss any aspect of our services, please contact:
