

# Help your business grow with the University of Greenwich

The University of Greenwich has a long and proud history of working with local, regional and international companies, and can help your business grow.

IBM, Pfizer, Shell, the NHS, Kent County Council and Rolls Royce are among the many organisations capitalising on a wide range of expertise and knowledge within the university. Services include:

**Problem solving**

**Consultancy**

**Technology development**

**Contract research**

**Training and development**

**Access to specialist equipment and facilities**

**Recruitment**

**Student placements and projects**

**Knowledge Transfer Partnerships**

## The Greenwich Research & Enterprise office

The Greenwich Research & Enterprise office acts as a 'first-stop shop', making it easy for businesses to access the expertise and services of the university.
