

700 acres

120 years of military activity

2 miles from North to South

1 vision...

**...for a new community to take root, flourish,
and branch out to existing communities.**

Land Securities is pleased to confirm that it has now submitted an Outline Planning Application to redevelop Chattenden Barracks and the Lodge Hill Training Area in Medway, Kent, on behalf of Defence Infrastructure Organisation.

With a distinctive character and vitality grounded in the site's unique natural and heritage assets, the benefits of Lodge Hill will radiate out beyond the site itself – providing a point of focus for Medway's Hoo Peninsula not only in terms of services and amenities offered, but also in the higher profile representation of the Hoo Peninsula on a regional and national stage.
