

Transforming the East Midlands

East Midlands Development Agency (*emda*) is committed to delivering sustainable regeneration. *emda* works with public, private and voluntary sector partners to deliver innovative regeneration projects such as the newly built Nottingham Contemporary, an eye-catching building inspired by the surrounding Lace Market and one of the largest contemporary galleries in the country. This flagship venue will play a vital role in attracting investment into the city, bringing visitors to the area, creating new jobs and raising the profile of the arts in the region.

That's why we're the catalyst for change in the East Midlands
