

Our Nottingham and Derby offices are heavily involved and committed to creating a dynamic and lively Derby. Utilising our combined experience and knowledge we seek to help deliver the City Council's 2020 Vision and create a city for all ages.

Our current projects include:

- The Blue Corridor Masterplan
- Full Street Public Realm Improvement Works
- Conservation and Management Strategies for Derby Silk Mill and Darley Abbey Mills
- Strategic Environmental Assessment for the Local Transport Plan
- Sustainable Urban Extension and Strategic Site Options Study
- Strategic Flood Risk Assessment II Blue Corridor
- Museum Square Design Vision

We are one of the UK's leading multi-disciplinary consultancies with around 350 members of staff employed in the East Midlands covering:

- Planning
- Masterplanning
- Urban and Landscape Design
- Economics
- Heritage
- Flood Risk and Drainage
- Geo-Technical Engineering
- Transport
- Ecology
- Sustainability
- Environmental science

We are committed to providing innovative yet practicable solutions tailored to meet local needs.
