We are Home Group

Founded in the North East in the 1930s, Home Group is one of the UK's largest providers of high quality housing and supported housing services.*

As a leading developer, social enterprise and charity, we believe that success is about leveraging our A+ credit rating, strong balance sheet and turnover of over £300m in order to help people address complex needs, enabling them to take control of their own lives.

Our mission is clear - we help our customers and clients to open doors to new opportunities and healthy lives.

- We house over 120,000 people a year in 55,000 homes in 200 local authority areas in England, Scotland and Wales.
- Through our Stonham brand we work with almost 30,000 vulnerable people through 500 supported housing, justice and health services each year.
- Between 2013-2018 our development programme will create over 7,000 new homes including 450 new care and support bedspaces.
