

Miller

Providing end-to-end property solutions, including design and development, project management, build and life-long asset management, Miller Construction is working across the North East region and helping to bring to life the regeneration vision for Newcastle and Gateshead.

Major projects include: the transformation of Newcastle Central Station, the flagship Stephenson Quarter development at the heart of the City, the new Queen Elizabeth Hospital emergency care centre in Gateshead and the completed North Tyneside Police Area Command Headquarters.
