PLANNING THE FUTURE

At Mott MacDonald – the leading management, engineering and development consultancy – we bring our own brand of flair and innovation to shape inspiring projects the world over.

Our portfolio includes Taiwan High Speed Rail Link and Delhi Metro in India. In the UK we've worked on flagship projects including Manchester Civil Justice Centre, Heathrow Terminal 5 and Wembley Stadium. Staff in Reading are working on a range of projects including Bramshill Police Training College, the Norwegian Embassy in Beijing, St Catherine's School Twickenham, HST train driver facility in Reading, a high-rise mixed-use development at Paddington and various schemes for TVU, Thames Water and BAA.

We have over 30 offices in the UK, backed by 14,000 staff working worldwide in all sectors ranging from transport, energy, buildings, water and environment to health, education, industry and communications.
