Case study The Leathermarket

Since acquiring The Leathermarket, £5.9m of investment and redevelopment has taken place. Workspace has increased the number of business occupants from 17 to over 130. The Leathermarket is now a thriving business centre attracting top end SMEs and start ups.

The recent launch of Club Workspace within The Leathermarket now provides a versatile business solution for; drop-in space, swing space between offices, overflow or projects, or a first step from home working.
